Library News

Happening Now?

We are celebrating Kindergarten students who are beginning to select and check out independently during their weekly visit to the library! Students are independently selecting a variety of genres as they browse through collections! The characteristics of nonfiction will be reviewed as students prepare to make connections with classroom units of study or areas of personal interest. Great books are being promoted through student recommendations! Fifth graders have been introduced to the Battle of the Books program and are beginning their reading journey.

Coming Soon? ORE 4th grade students will be introduced to the Battle of the Books program.

Fun Facts: The more that you read, the more that you will know. The more that you learn, the more places you'll go. By Dr. Seuss from his book I Can Read With My Eyes Shut!

Tip/Fact of the Month

Featuring Art during the month of October.....

Did you know that art can show the time of day? To show what time it is, an artist will adjust the color of the sky to indicate if it is morning, mid-day, evening, or night. This teaches the viewer about the piece without the artist ever having to say anything. First graders this month will be using their knowledge of the sky's color to indicate time in their paintings.

Music	P.E.
<p>Happening Now? K: Group performances on non-pitched instruments 1: Musical Centers “Rhythm Sticks” 2: Using body percussion to perform rhythm notation using quarter notes, quarter rests, and beamed eighth notes. 3: Understanding the important elements of the opera and how the mood of the opera is set by the scene being presented. 4: Focusing on the structure of the string family and how each instrument is given a role in the orchestra. 5: Identifying chordophone instruments through their sound and timbre.</p> <p>Coming Soon? K: Introducing boomwhackers and how the length of each tube, determines the pitch that is being produced. 1: Students will be able to hear lyrics from a song and determine the correct rhythmical patterns. 2: Performing body percussion rhythms in group performances. 3: Third grade field trip to watch the opera, “The Tortoise and the Hare.” 4: Interactive now instrumental family identification. 5: Chordophone instruments being presented in musical centers.</p> <p>Fun Facts The longest opera is Wagner’s Ring Cycle, which clocks in at 18 hours including intermission. It is made up of four parts titled, <i>Das Rheingold</i>, <i>Die Walkure</i>, <i>Siegfried</i>, and <i>Götterdämmerung</i>.</p>	<p>Happening Now? K: Parachute fitness/manipulatives 1: Parachute fitness/manipulatives 2: Parachute fitness/manipulatives 3: Flying disc/chasing and fleeing 4: Flying disc/chasing and fleeing 5: Flying disc/chasing and fleeing</p> <p>Coming Soon? K-5: First Tee Golf</p> <p>Fun Facts Your heart is about the size of your fist and it weighs about as much as a softball.</p> <div style="text-align: center; margin-top: 20px;">  </div>
