

# October

News from **Fourth Grade**

## Reading

This month we will be reading the novel *Bridge to Terabithia*. We will use this novel to learn about themes, ways to summarize, and using context clues to figure out the meaning of words we do not know. At the conclusion of our reading, we will be comparing the book to the movie. At the end of the month, we will return to informational texts to study about colonial times in North Carolina.

## Math

In the month of October we will build on the third grade knowledge of basic facts focusing on reciprocity between multiplication and division. This will help them be successful when we begin working with larger numbers and the concepts of factors, multiples, prime, and composite numbers.

## Science

We will continue our ecosystem explorations by learning about plant, animal, and human adaptations for survival.

## Dates To Remember

- 5- Fall Pictures
- 7- Noon Dismissal
- 10- No School (Columbus Day)
- 13- Rachel's Challenge
- Parents Night
- 28- Oakstoberfest
